WE ARE HERE WITH
ELITE
TO BUILD
**TOMORROW'S
WORLD**

About us

Elite Global, a new born galaxy with billions of dreams to mould our children to make them understand and identify the Creator and to enlighten their knowledge beneficial for both worlds

Our Vision

Our vision is to build a sturdy and highly educated citizen who are articulate, thoughtful, trusts to express and debate ideas and actively contributes to their own and others growth and also to uphold a learning community that produces leaders through faith, knowledge and inspiration.

Our Mission

Elite Global is dedicated to build an enriched learning environment using modern-day teaching pedagogy to cultivate an innovative and rigorous academic program streamed with CBSE Curriculum.

CORE ETHICS OF

Empower

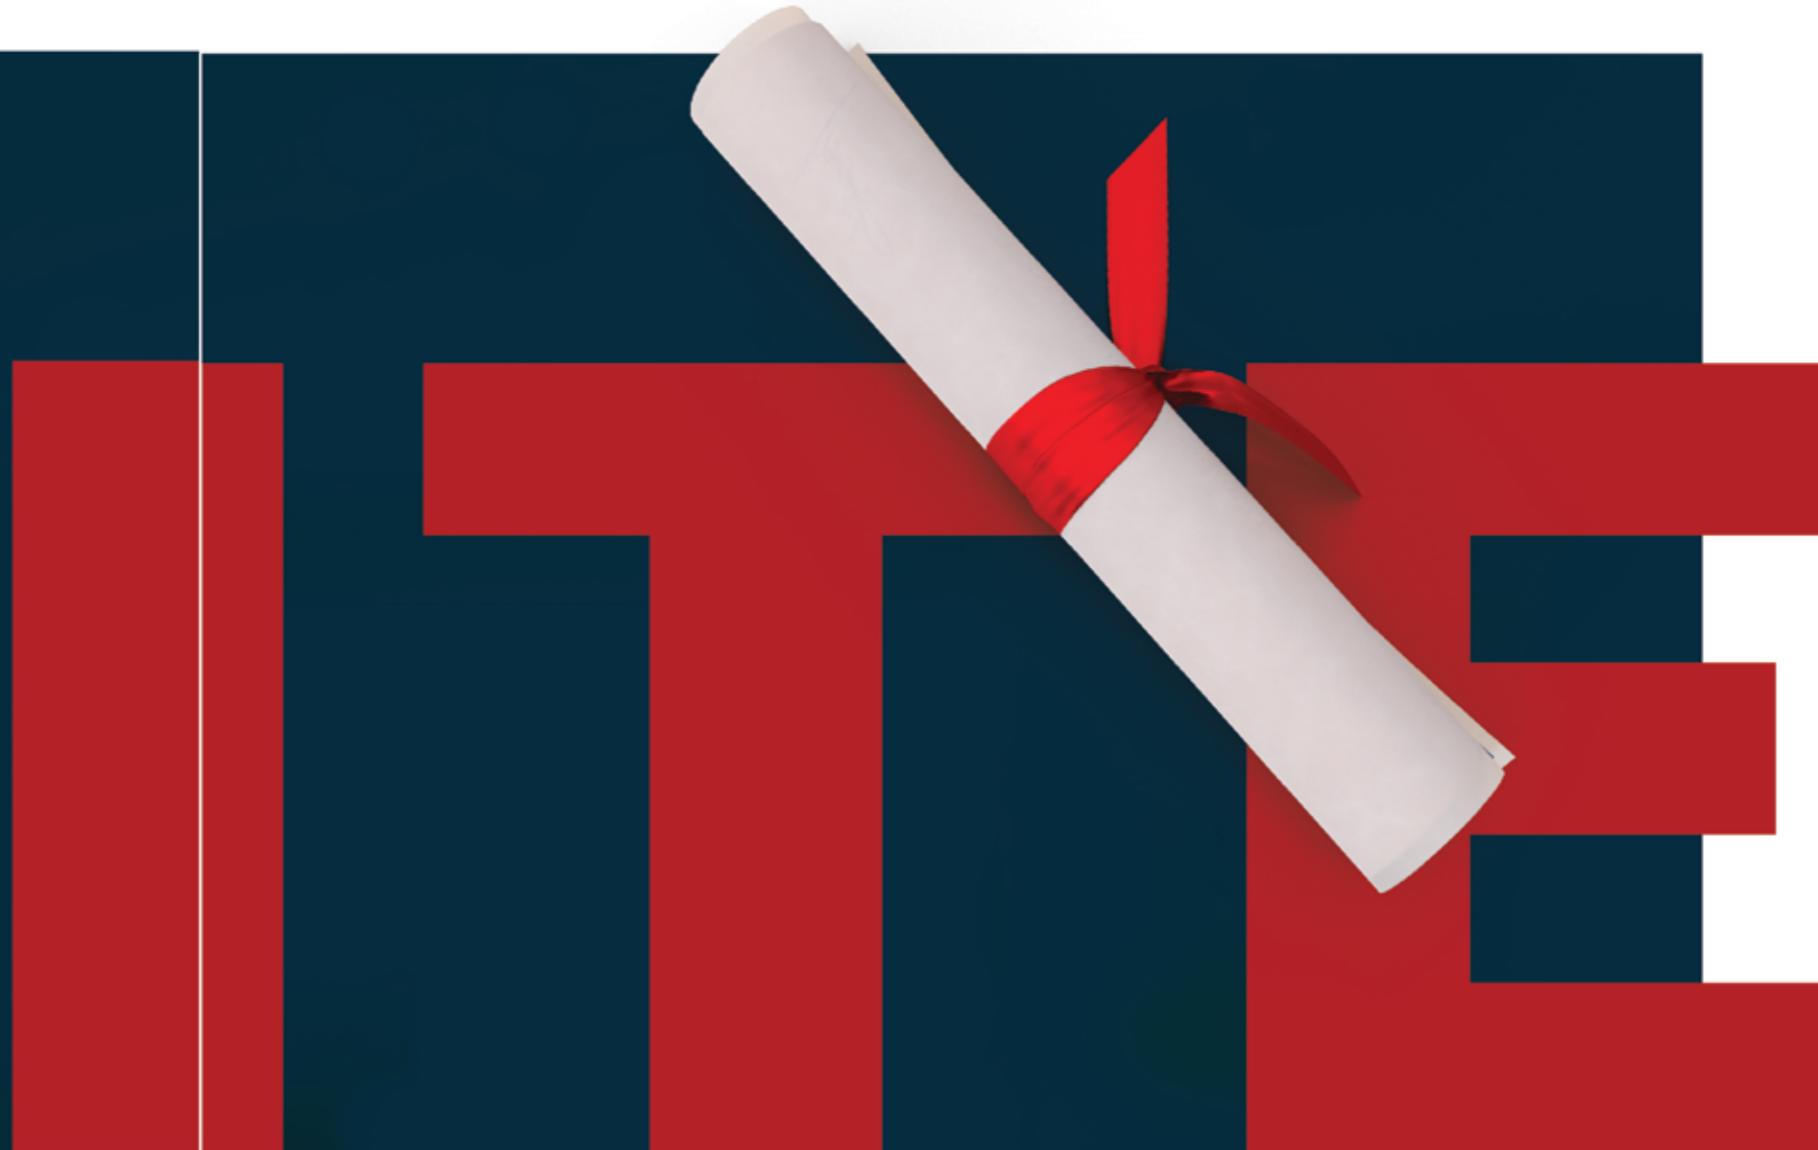

As a committed 21st century learning organisation, Elite Global School is focusing on cultivating a diverse, effective program that empowers students with a global and local perspective.

Learn

Our aim is to spring a value-based education. Thus we believe in accentuating to Learn the Ethics, Empathy, Esteem and Collaboration of Islam in our life, in our teaching methodology.

Invoke

Enrich programs to support the teaching process and invoke the creativity and hidden skills of every single student.

Treasure

To kindle the rich treasures hidden inside our little genius, intellectual, exceptionally skilled children and to motivate them with highly motivated facilitators and educational methods.

Enrich

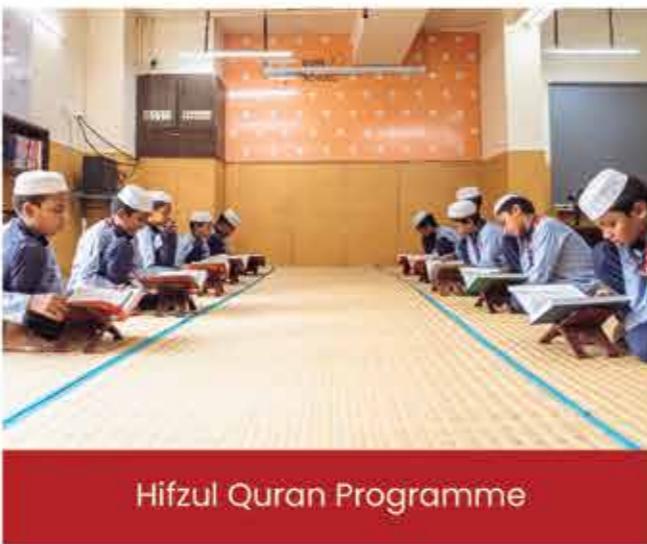

We foster to enrich a sense of social responsibility to help our learners play an active role in the community. The diverse and inclusive faith of the school will grow our learners into prosperous, grounded and compassionate leaders who will cherish the multicultural community in which we live , while upholding the principles and morals that are important to all faiths and underpinning the fundamental values of India.

Why Elite Global School is the right place to join your child?

As parents, we always want our children to get the best in all stages of their life. We don't even think to compromise in anyways in their academic studies too. If you are a passionate parent willing to achieve this goal, we at elite enlighten your dream and it starts with us like this. A few of our unique features are...

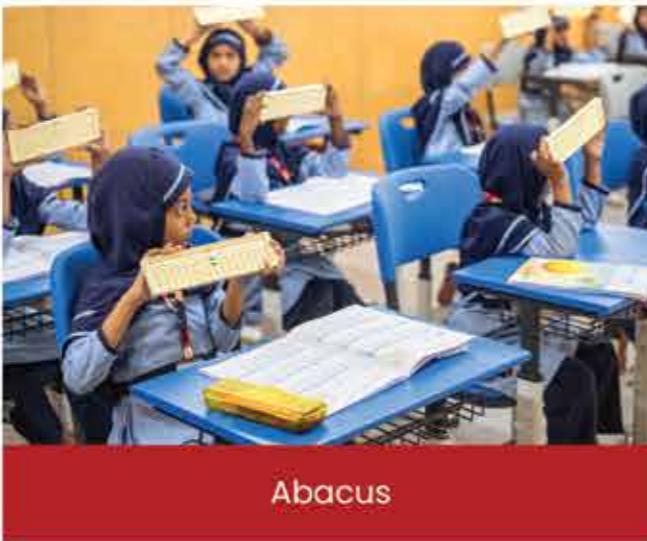

Activity Based Learning

Our Focus is

- To Provide international standards of quality education, inculcate and improve the ability of our children to crack down even competitive exams like UPSC, NEET, IIT, JEE, etc.
- To promote the process of exploring and discovering our children's inner talents
- To facilitate our children with all the amenities and infrastructure of the School

Physical And Mental Ability Enhances A Child's Early Growth.

Understanding the long gap of generation which had not experienced the value of sport academy in a school campus due to space constraints in city limits.

We thought of filling this gap by giving our children the opportunity for them to explore the talents in sports and make them physically fit and healthy. This evoked us to dedicate a stretch of 6000 Sq. ft. of carpet area for the sports academy comprising a Football Turf and a wide area for physically trimming our children with different kinds of Marshal arts to be taught by well experienced trainers.
